Waterproof flooring with superior performance

Innovative SPC floors with seamless design

Waterproof Rocko Flooring, made of over 70% of mineral core, finished with high-quality UV coating, is an outstanding material for domestic and commercial use, both in new projects and renovations.

Appearance of natural wood and stone

Rocko Flooring designs are digitally printed, reflecting down to the smallest detail the rich grain of wood and roughness of stones and concrete.

Coordinated solution

Our Rocko Flooring range comes with complementary accessories: waterproof flooring, skirting boards, underlay and cleaning liquid, for coordinated solution. All materials are produced and shipped from Europe, available in express program.

Ensured stability

Rocko Flooring range is set apart from other types of vinyl flooring by its unique resilient core, which provides an incredibly stable base for each flooring plank and ensures dimensional stability.

Decors

Utility class

Due to its parameters, Rocko Flooring is characterized by highest utility classes. It can be used in intensively used domestic areas as corridor or kitchen, as well as in commercial spaces with high traffic, such as offices.

PerfectPad®

Pre-attached pad, perfectly fitted to panel surface with no gaps in padding. Allows to eliminate preliminary step of rolling out separate underlayment.

Available in chosen Rocko Flooring designs.

Rocko Flooring with Perfect Pad.

Rocko Flooring without pad.

STONE OAK - SO texture

HICKORY SCRAPE - HS texture

PEETAH - PT texture

Characteristics

Waterproof

Rocko Flooring is suitable for indoor use in dry and humid conditions, such as bathroom, laundry room, kitchen or vestibule.

Stain proof and easy to clean

Rocko Flooring meets stain resistance requirements, which might be caused by most common substances used in your living space: coffee, tea, wine, cleaning agents used in kitchen, laundry, and care products.

4-sided V-groove

Real v-groove on 4 sides of each plank.

Dimensionally stable

Rocko Flooring does not change its dimensions under the influence of temperature and humidity changes, so it can be used in sunny areas as well as in dry and humid ones.

Scratch resistant

Rocko Flooring is well-protected against fine scratches and everyday wear and tear thanks to durable top surface layer.

Soft touch

Rocko Flooring has a soft, pleasant surface and feels very comfortable, also barefoot.

Up to 60 panels per design

Up to 60 different panels per design and authentic appearance of wood and stones thanks to digital print technology.

1clic 2go pure - fast, clean and easy

Rocko Flooring installation system was specifically designed to make fitting of flooring as easy and hassle free as possible. The click profiles allow individual panels to be joined together quickly with minimal tools or complications.
